Committee Compiles List

"YOUR NAME'S THERE," says Bill Gossett (standing) to Bob Madsen (l.) as the Recognition committee surveys the list of meritorious service award winners. Other members are (foreground, l. to r.) Nancy Lee and Lee Leidig; (background, l. to r.) Agnes Bolter, Lud Spolyar.

Special Issue Added To Campus Activities

Something new has been added to Recognition Day on campus this year. That "something new" is the publication of a souvenir Recognition Issue in place of the annual Awards Assembly held in previous years.

Reason for the switch in system, said Bob Madsen, chairman of the Recognition committee, is poor attendance at the Awards Assembly. It is hoped, he said, that a Spartan Daily issue with complete listings of all awards will spark a renewed interest in the annual event.

The Recognition committee, appointed by Student Body President Lud Spolyar, sent out letters to all department heads, chairmen of student activities and presidents of service organizations requesting their recommendations for recipients of the meritorious service certificates.

Eleven To Compete For Ugly Man Title

Eleven entrants are in the running for the title of "Ugliest Man on Campus" according to Jody Ford, chairman of the "Ugly Man" contest.

Proceeds of the penny-a-vote will be used for furnishings for the Memorial Chapel.

Entrants are Pasquale Varketta, Ron Ruiz, Lew Patterson, Jim Schuyler, George Fry, Bob Slater, Don Binder, Archie Chagonjian, Allan White, Dave Woods and Don Nichols.

All candidates should report to the Spartan Daily office at 1:30 this afternoon to have their pictures taken.

Today's Weather

Those who have classes only on Tuesdays and Thursdays have already taken off for what will be the longest week-end in history. Those who are conscientious and go to Thursday classes will have only three days to bask or flak, sink or swim. The weather will be fair, with foggy mornings, and slightly cooler in the afternoon—but not much.

Sports Slate May Hit Skids; Presidents Set New Policy

By BILL TUNNELL

In a move that was obviously meant to bring all California State colleges to a single level of athletic achievement, the Council of State College Presidents yesterday set up a seven-point policy by which their athletic programs are to be governed. The council is meeting this week in Sacramento.

The new policy calls for the banning of all post-season bowl games, barring of direct and indirect aid to athletes including the training tables, and forbids the extra money payment to faculty members acting as coaches.

Formation of a state college league was postponed in favor of the new policy which goes into effect July 1, 1953.

Despite whatever rules or regu-

lations may be in effect at each college at the present time, the Council decided that these rules shall apply:

1. Athletic schedules shall be built upon the principles of relatively equal competition and in the main with institutions having comparable standards and operating principles.

2. Athletics shall be conducted under the general educational policy of the colleges with regular faculty, and no salaries of faculty members assigned to coaching shall be augmented from any source above the regular salary.

3. All participants shall be regularly enrolled students pursuing one of the regularly established programs and shall be admitted and retained in school under the same standards applicable to all other students in the institution.

4. Any freshman veteran entering college for the first time after separation from service or junior college transfer may participate in the athletic program.

5. No state college shall participate in post season bowl games.

6. No state college shall permit subsidies to be provided directly or indirectly to athletes.

7. The president of each state college shall be responsible for enforcing these rules and regulations in his own institution.

This policy seems to be a "back door" method of formation of the State college league, since the rules will tend to equalize the athletic policies of all state colleges.

President T. W. MacQuarrie, who represented the local school in Sacramento and Spartan athletic Director "Tiny" Hartman could not be reached yesterday for statements on the new policy and the effects it will have here.

Football Coach Bob Bronzan and Publicity Director Danny Hill were also away from the campus and were unavailable for comment.

'Lyke' Available at Graduate Office

Copies of Lyke, campus feature magazine, are available in the Graduate Manager's office, according to Lyke editors Bob Moesle and Ed Seifert. Price of the 32-page quarterly is 25 cents. The magazine went on sale yesterday.

Play Review Is Tonight

The invitational premiere of the Moss Hart-Kurt Weill musical play, "Lady in the Dark," will be held tonight at 8:15 o'clock in the Little Theater.

A few tickets still are available for tomorrow night's performance but Saturday night is sold out, according to the Speech office.

"Lady in the Dark," is the story of Liza Elliott's pursuit of happiness. Liza, played by Anne Hoffing, is a woman of great charm in her middle thirties, who, as the successful editor of a woman's fashion magazine, thinks that she has organized her life sensibly and intelligently.

Liza lives quietly and affects severe clothing, while in her magazine she tells other women how to be glamorous.

There are three men in Liza Elliott's life. One, Kendall Nesbitt played by Doug Murray, is an older man who offers her a background of warmth and care.

Another, Randy Curtis, played by Hugh Heller, is the childlike, juvenile glamour boy.

The third, Charley Johnson, played by Stuart Schwalbe, challenges Liza's right to live in a no-man's-land between the sexes.

John Kerr, associate professor of speech, is directing the production, which will be presented May 30, 31, and June 2, 3, and 4 in the Little Theater.

Music for the play will be supplied by two pianos, with Fay Kidder and Joyce Buswell, pianists.

'Altogether Fitting and Proper'

Today is Recognition Day.

This is the time of year when we recognize hundreds of Spartans who are active in college affairs.

It is "altogether fitting and proper that we should do this." Leaders should receive recognition for their outstanding contributions to the life and times of this institution.

But in a larger sense, even the extended lists printed in these pages are not giving recognition to everyone deserving of it. We must have leaders, but where would our leaders be without a few followers?

No undertaking can be a success without the wholehearted cooperation of everyone concerned. "The best laid plans of mice and men" would be of no avail if there were no one to carry them out, and no one to enjoy the finished result.

Those with vision must have someone with whom to share that vision.

So congratulations are in order, not only to the several hundred Spartans named in this issue, but to each and every college student and faculty member who has had a part, however small, in adding to the scholarship, service, and just plain zest of college life.

AWS Honors 101 Most Active Coeds at Dinner

One hundred and one of the campus' most active women students were honored last night at the fifth annual AWS Activities banquet.

"These women were chosen by the AWS cabinet as being the ones who have done the most in campus affairs," said Mrs. Izzetta Pritchard, faculty adviser to the group.

"The Cabinet began selecting the names last month," she said, "and this was done by use of the activities file."

She went on to explain that the AWS has a file especially for the purpose of recording each of the activities in which members of the organization have participated.

"The whole idea of the banquet evolved from the conventions which the AWS holds at different colleges," she said. "Someone, I don't know just who it was, thought the idea of recognizing the 101 individuals at a banquet was a good one."

According to Mrs. Pritchard, this is one of the most well-received affairs in the college.

"The girls don't receive certificates or awards," she stated, "but the honor stems from being invited to attend the banquet."

"We don't recognize the women who are particularly active in the AWS because they have their own banquet."

The following is a complete list of the 101 women who were honored by the AWS: Patricia Ablett, Janet Adams, Marilyn Ahlenius, Ingrid Andersson, Bernice Bacio, Jean Ann Bailey, Mary Ellen Bailey, Beverly Benson, Pat Bernessa, Dorothea Bettencourt, Agnes Bolter, Joan Bordenave, Mariou, Borgen, Anne Bradley, Alice Brown, Joyce Burrell.

Aja Wins Top Spanish Award

Diego Aja has been named the outstanding student in the Spanish department, according to L. C. Newby, head of the modern language division.

Aja was awarded the Sigma Delta Pi medal for meritorious scholastic work. The medal is presented each year by the national Spanish honorary society.

The senior Spanish major is studying for a general secondary teaching credential in Spanish. He is a transfer from Modesto junior college.

Mr. Newby reported that departmental awards are presented only if the faculty feels a student has done exceptionally fine work. Aja was the only student in the language department to receive an award this year.

Twelve Surprised Coeds, Two Faculty Women Enter 'Black Masque'

Twelve surprised coeds and two faculty advisers donned the Black Masque last night at the annual AWS Activities Banquet, held in San Jose Women's Club house. This was the first public announcement of the new members of the senior women's secret honorary society.

Joyce Malone, physical education major, is the new president; Jeanne Daly, general elementary major, vice-president; Jo Anne Moore, occupational therapy major, secretary; Jeanne Saxon, general elementary major, treasurer; and Mary Pahl, recreation major, historian.

Pat Ablett, kindergarten-primary major; Marge Rawson, Spanish major; Mary Lou Carli, social

science major; Carol Larson, general elementary major; Jeanne Murphy, home economics major; Joan Chambers, physical education major; and Frances Wilson, physical education major, complete the new student membership.

Miss Jan Hagerty, assistant in biology, and Miss Ardith Frost, instructor in physical education, are the new faculty advisers. Miss Hagerty will serve one year, and Miss Frost will serve two years.

The secret society selects not more than 13 junior women each spring and the outgoing group chooses the incoming girls, Miss Helen Dimmick, dean of women and permanent adviser to the society, said.

"To be eligible for membership there are a great many requirements, only a few of which may be made public," she said. A B-minus average throughout the total college career, junior standing, and active participation in two or more extra-curricular activities, excluding sororities, in two different departments are but a few of the necessary qualifications.

Black Masque members this year were Beth Calvin, president; Betty Ishimatsu, vice-president; Virginia Cox, secretary; Kitty Gunner, treasurer; Margaret Nakamura, historian; Jo Ann Keeler, Pat Flanagan, Rosemary McKean, Pat Ablett, Laverta Bailey, Donna Monroe, Delores Pawloski and Jeanie Nieri. Miss Marie Carr, assistant professor in speech, is the outgoing one-year adviser, and Miss Alice Hansen, associate professor of physiology, is the outgoing two-year adviser.

Birth of the society was in 1930, Dean Dimmick said. Although most of its activities are secret, they are closely correlated with those of the student body. Miss Calvin revealed. Ushering for Revelries every year and acting as campus guides during Homecoming are two of the functions which keep the girls busy. They also made layettes for the Red Cross during World War II.

The group has a very active alumnae, Dean Dimmick said. One member of each class serves on the council.

primary major on a basis of need, ability and character.

The San Jose Women's club made its annual award of \$250 to Dante LoPresti, junior speech major from San Jose. This award is given for outstanding work by a junior in speech, drama or teacher training.

The Iota Delta chapter of Chi Omega achievement award of \$25 was received by Marilyn Pestarino, senior political science major from San Jose. The award is given for work by a woman student in psychology, sociology, economics or political science. Over-all grade point average, activities and past school records all play a part in the selection.

The Delta Delta Delta alliance of San Jose awarded \$50 to Shirley Crandall, senior public administration major from Balboa. This is the first year this presentation has been made. It will go to a deserving senior woman student each year.

Selection of winners of several other scholarships has not yet taken place. They will be announced later.

Selection is made by secret ballot from a list of several candidates. "Emphasis is put on the student's prominence during the past year," Mr. Clements stated.

Mr. Bozzi said that he hopes the awards provide some incentive to student leaders. He has also given several trophies and plaques to campus organizations. "Having lived in San Jose all my life, I have adopted SJS as my college," he said.

Mr. Bozzi is not only an expert jeweler, but he is also an avid sports enthusiast. "I have all the football programs for SJS games

Spears Celebrate 20th Year of College Service

Spartan Spears is celebrating its 20th year of service to the campus and the community this year, according to Miss Margaret Twombly, Student Health Service director, and adviser to the Spears for 18 years.

Among the many good works carried out by the Spears in the past are the gift of four fully equipped beds to the Student Health cottage, contributions to student loan fund, the help in the annual sale of tuberculosis seals and the donation of several hundred dollars to the Memorial chapel fund, Miss Twombly said.

In addition, the Spears usher at campus events, help serve alumni luncheons and participate in other

similar activities.

Miss Twombly said the organization is unique in that it has been a service organization since its inception.

Spartan Spears recently initiated 16 new members in a candlelight ceremony in the Memorial chapel.

New members are Mary Ellen Bailey, Anne Bradley, Beverly Benson, Colleen Collins, Joan Bordenave, Barbara Graul, Carol Hotchkiss, Barbara Hoepner, Jacque Lum, Diane Lutz, Jackie Martin, Shirley Strahl, Pat Valentine, Sharon Winklebeck, Betty Jean Wisner and Dorothea Bettencourt.

LATEST INITIATES of Spartan Shields, sophomore men's service organization, are (l. to r.): First row—Bob Beth, Don Scholte, Howard Allen and Dick Kissick. Second row—Sam Yates, Alex Stepovich, Tom Brown, Art Lund, George Erhart, Jay Flood and Paul Sakamoto.

Spartan Shields Grows From Knights Society

Spartan Shields, sophomore men's honorary service group, was organized on campus in the fall of 1949. It was established by lower division members of the Spartan Knights, when that group went national as Blue Key, according to Larry Elam, recording secretary.

Dick Knox, a member of the Knights, was largely responsible for the formation of the Shields. Knox, along with other members of the Knights, felt there should be a continuation of a lower division men's group, Elam related.

In the winter of 1950, Ray Wilkerson, chemistry instructor, was taken into the group as charter adviser. He has continued in that position for the last two years.

Shield activities of the past year include working at registration each quarter, guarding the campus from rival schools during football season, selling cokes at boxing matches and sponsoring and providing publicity and organization for the recent Science Open House on campus, Elam said.

Over the past weekend the Shields journeyed to Camp Campbell, a Y camp north of Saratoga, and aided camp directors in clearing trails and building a dam.

Officers of the organization are Dave Doerr, president; Fred Grasse, vice-president; Larry Elam, recording secretary; Lon Polk, corresponding secretary; Ted Labrenz, treasurer; and Jerry Ball, pledge master.

Teaching Job Open At Texas School

A teaching position with a Texas grammar school for the 1952-53 school year for a graduating senior with a kindergarten-primary credential, was announced this week by Miss Doris K. Robinson, teacher placement director.

The grammar school is a joint project of the San Antonio schools and the University of Texas.

Further information is available in the Placement office.

Blue Key Promotes Activities; Develops College Leadership, And Initiates Varied Projects

By DIANE PRICE

Realizing that the health of any service organization is stimulated by the undertaking of worthwhile projects, Blue Key, men's national honor fraternity, strives to promote the well-being of the college and to further the interests and efforts of students in all types of activities.

According to Don Curry, the organization's president, the local group is one of approximately 85 chapters on campuses throughout the country. It originated at the University of Florida in 1924 and since has spread throughout the country.

The San Jose chapter came into existence in 1949. It was known previously as Spartan Knights, an honorary service organization for upper division men. The group now has 25 active members.

Blue Key standards call for men with all-around ability, good character, qualities of leadership and the confidence of his fellow students. Membership in the local chapter, Curry said, is not necessarily limited to students active in student government and service organizations, but also to those who contribute to the school in other ways, such as sports and extra-curricular activities.

The policy of the college's Blue Key is to study student problems so that student life may be enriched and to assist in the progress of the college.

Annually the Blue Key publishes a student directory which may be purchased at the beginning of fall quarter. This directory is a non-profit undertaking done solely for the convenience of students and faculty, Curry emphasized. "Our other projects include ushering at the Easter Sunrise services and the annual Revelries, providing

guides for Visitation days and participation in the newly-organized Coffee Hour," he said.

Though one of the newer organizations on campus, Blue Key is constantly adding more and more to its list of achievements. Plans for the next year include the publication of a school calendar containing dates of campus activities, the proceeds of which will be donated to the Student Union fund.

Blue Key's newly-elected officers are Curry, president; Cliff Majersik, vice-president; Dick

DON CURRY

Garcia, secretary; Fred Cooper, treasurer; and Lyle Hunt, guard.

Officers from the local chapter will travel to Cal Poly today where they will speak at the installation banquet of the eighth California Blue Key chapter.

Seven Honored For Aid Given Student Activities

Seven members of the college faculty were chosen this week by the Recognition committee as being outstanding in their contribution to student life and to the college during the past year.

Those recognized were James M. Craig, instructor in biology; Marie Bernice Carr, assistant professor of speech; James F. Jacobs, assistant professor of English; Wilbur F. Luick, instructor in speech; Dewitt A. Portal, associate professor of physical education; Dr. G. Alexander McCallum, professor of biology; and Dr. Edgar E. Willis, associate professor of speech.

This is the first time such activity recognition has been extended to faculty members.

The committee said it plans to make faculty recognitions each year, with no faculty member being named more than once. The major emphasis in the selection for the awards is on the extra service the faculty members have extended in developing student activities.

Mr. Craig, who joined the college staff in 1948, was graduated from the college with an AB degree. He received his master's degree from Stanford university. He has been adviser to the

Rally committee for the past three years and is presently chairman of the Awards committee. His other activities include being patron at ASB functions and scouting executive.

Mr. Jacobs received his AB and AM degrees from Gonzaga university and came to the college in 1946. Since that time he has participated in many student organizations including adviser of the sophomore class, Theta Chi fraternity and the Student Y Leadership training conferences. He has held Student Fireside discussions at his home and also has been a patron at student functions.

Mr. Luick began instructing at the college in 1946. He was graduated with an AB degree from Grinnell college and received his MA degree from Michigan State college. His voluntary activities include being director of forensics and adviser to the Junior class.

Constitution committee and Student Y Leadership program.

He has been counselor for the Frosh camp, adviser at Student Fireside discussions and honorary "Uncle" for Chi O sorority. He received his AB degree from the college and his MS degree from Washington State college and joined the college faculty in 1934.

Dr. Willis received his AB and AM degrees from Wayne university and his Ph.D. from the University of Wisconsin. Since coming to the college in 1946, he has been active in advising many student radio productions. At the present time he is adviser of the Radio Guild and for the college radio programs, Dramatime and Spartan Review.

College Senior Receives \$50 Art Award

The annual Ceramics Art award of \$50, given each year to the student who has shown great promise and outstanding accomplishment in the field of ceramics, was presented this year to J. George Eimers, a senior art student.

The committee which chose Eimers to receive the award was composed of Joe H. West, dean of students, Dr. Hugh Gillis, chairman of the fine arts division, and Dr. Herbert H. Sanders, associate professor of art.

This is the second year that this award has been given. It is offered by an anonymous donor. The winner is judged on the criteria of outstanding performance in ceramic art, promise as a craftsman, and general high scholarship.

The award is open to all students in the ceramics field.

A Phi O Fraternity Stresses Service, Reports Adviser

Alpha Phi Omega, men's national service fraternity, was started at Lafayette college in 1927 and at the present time has 230 active chapters in the United States, according to E. W. Clements, personnel counselor and adviser to the local chapter.

Among A Phi O's service projects are the annual Student Book Exchange, distribution of the Bindex during registration and donations to scholarship funds.

Biggest project sponsored by the fraternity this year was the construction of a parking lot to handle 250 Spartan cars.

More than \$800 was donated by the group to the construction of the new lot, money which came from operation of the book exchange.

Selected by the Forensic committee to receive the awards were William Johnston, third award; Jerry Kettmann, first award; Ted LaBrenz, first award; Carol Larson, first award; Jim Maynard, second award; Bill Resch, first and second awards.

A student may qualify for four forensic awards during his undergraduate forensic activities.

No student has ever received the fourth award.

Student Activities Adviser Offers Congratulations to ASB Council

By JOANNE WILSON
Congratulations to members of the Student Council for a job well done were offered yesterday by Edward W. Clements, student activities adviser.

"It is difficult to give credit where credit is due, without slighting those who also have had a hand in this year's accomplishments," Mr. Clements said.

He pointed out that so many things had happened during this past college year that it is difficult to list even the major events.

In reviewing the work of the council during the year, Mr. Clements said that the council deserves praise for the part it has played in "launching the AMS, establishing the universal student body card system, placing the bulletin board in operation, standard-

izing awards and revising the ASB by-laws.

"Suggesting a permanent Health committee for the college, providing for a 'big-name' dance each year free to the student body, clarifying relations with the Spartan Daily, encouraging the intramural program, establishing the faculty-student social 'Coffee Hour,' handling the change of the college name issue and taking the important first steps toward the building of a new Student Union."

Most of this year's council members have been active in student government and student organizations since their freshman years in college.

Lud Spolyar, ASB president, who is a graduating senior from Los Gatos, is a member of Blue Key and Spartan Shields. He was

president of his freshman class, freshman camp director, member of class council each year and member of the Student Activities board.

Also graduating seniors are Bill Severns and Vince Malone, ASB treasurer and vice-president, respectively. Severns is assistant manager of the Spartan Shop and Malone is a member of Sigma Chi fraternity.

Serving as ASB recording secretary has been just one of the many offices held by Maggie Murphy, a graduating senior from Mt. View. She has been active on the AWS cabinet, is a past vice-president of Spartan Spears and has acted as co-chairman of the Senior banquet the last three quarters.

Laverta Raley, a graduating senior and a member of Alpha Chi Omega sorority, was elected to the office of corresponding secretary of the student body last year and held that position for two quarters. She was succeeded by Darlene Clayton, a junior GE major.

The positions of representatives-at-large have been held this year by Tom Evans and Nancy Lee.

Evans, who recently was elected ASB president, has shown great interest in student government, serving on both his freshman and sophomore class councils and as sophomore class representative to the Student Council. He also was a member of the Freshman camp staff, president of Spartan Shields and a representative to Camp Minawana, leadership camp.

Miss Lee is a past vice-president of the junior class and secretary of the Student Activities board. She has served as co-chairman of the Senior banquet committee for three quarters.

Other members of the council are as follows:

John Moeller, senior class representative; Alice Brown, senior class representative; Seymour Abrahams, junior class representative; Alice Dougherty, junior class representative; Bernie Rapley, sophomore class representative; Joan Di Christina, sophomore class representative; and Bob Waunch and Bob Goforth, freshman class representatives.

In recognition of work well done the council members will receive, according to Maggie Murphy, meritorious awards, Who's Who certificates and gift La Torres.

Daily received the same amount of money from the Student Council as they have this last year (approximately \$10,000). The cost of printing the Daily has gone up over four times since then, and it was only through the efforts of the advertising staff that we kept our books balanced.

"In summary, I wish to thank everyone who has made this year possible. I could go on and name hundreds of students and faculty who have done their share, but it would take more space and the ad staff has done enough already.

"If I may get personal for a minute, I want to say that this year has been the most important and educational in my life. I've met, worked and studied with some of the finest people in the world. Again I wish to say thanks to the students of San Jose State college.

Most sincerely,
Lud Spolyar

Two Students Attain Perfect Grade Average During Year

Two students have perfect grade averages for the three quarters beginning with spring of 1951, excluding summer quarter, according to Miss Viola Palmer, admissions officer.

Those students maintaining a 3.00 average are Richard Kreile, senior social science major and Wilma Lee Thompson, senior history major.

Besides Kreile and Miss Thompson, the list of the top twenty scholars and their majors includes: 2.9659 Alex L. Rattray, senior political science; 2.9411 Herbert C. Knowles, junior, music; 2.9292 Joan Marie Awbrey, sophomore, Spanish; 2.9176 Robert Maurice Dickover, junior, psychology; 2.9117 Orden Yoshito Ichinaga, senior, journalism and social science.

2.9010 Anne Theodora Jensen, junior; 2.8817 Patricia Esther Dillon, junior, education; 2.8651 Seymour Jack Abrahams, junior, political science; 2.8636 Irene Jean Loretto, senior, social science; 2.8543 Betty Ellen Higdon, junior, English; 2.8478 Jack Gangola, senior, commercial art; 2.8409 Mari-

lyn E. Michell, senior, English; 2.8387 Nadine Rose Grasso, senior, education; 2.8352 Charles Matsumoto, junior, laboratory technician; and 2.8137 Willis Emerson Schaeffle, junior, engineering.

All these students are undergraduates and have completed at least 12 units per quarter, Miss Palmer said.

Spolyar Reviews Year's Activities at College

"Now that Spring quarter is about over, it's time for the 1951-52 Student Council to close its books. Quite a bit has happened during this last year. Eighty per cent of the voting students voted in favor of the Universal Student Body Fee. This has allowed the ASB to plan a bigger and better budget for future years. Next year's budget will help each individual ASB organization support better programs for the students.

"With a steady income, a Student Union can be planned and built within five or six years. A new Student Union Building committee has been set up and they are now planning ways of collecting money for a Student Union.

"One of the greatest problems that seem to face every student body is the problem of spirit. I believe, we have spirit here on campus, and plenty of it, but we need something that is more organized and concentrated.

"This last ASB election showed that we had one of the largest turnouts of any student body on the Pacific Coast. The college name change brought about considerable interest and a good percentage of students expressed their opinions.

"Although many students feel that we are deeply lacking in spirit, a survey of other schools and student leaders shows that San Jose State is no worse than

any other school. Of course there should be more spirit, and with bigger and better programs planned we can help build that spirit up to excellent standards.

"One thing that this school needs is an Athletic Board of Control. Practically every school in the nation has an Athletic Board of Control which has Faculty, Student, Alumni and Administration representation.

"This board would help relieve some of the responsibility and

LUD SPOLYAR

work that is now burdening the P.E. department. This board could prepare the budget and policy of San Jose State's large athletic program.

"The Spartan Daily has proven to be one of the most influential on campus. As long as the Daily abides by the policies and procedures set up by the journalism department and students, they should be allowed to print whatever they wish.

"Out of every college and university in the United States, only 33 have a 'daily' newspaper. Most of these 'dailies' come out four days a week, and they still call them a daily newspaper!! Our college newspaper is a unique one and we should be very well proud of it. Congratulations are in order for the excellent but unheralded advertising staff.

Original Book, La Torre, Hits Stands Monday

By JO ROSSMAN

Monday morning 2,000 Spartans will flip through the 272 pages of La Torre, campus yearbook, again and again squealing "look there I am" and "that's the one, see?"

The annual, product of a year's work, will be distributed at 9 a.m. in the Inner Quad. Books will not be sold at the distribution booth. Copies may be purchased before Monday at the Graduate Manager's office.

Price of the student-produced book is \$5 and the originality, photography and the tradition involved are worth it.

Sketches of campus life done in red, black and white by Art Moreno divide each section of the book and take it out of the "usual thing" category. Moreno, who edited the annual along with Jane Scott, designed the black and gold cover last summer.

Adding another touch of originality are the pictures of Spartan women representing college life which introduce each section. Dick Zimmerman headed the photography staff. The student photography throughout the book is excellent, catching at all times the expressions and experiences of Spartans.

The photography is pointed up by the captions of Carole Simmons, copy editor. Carole turned out reams of copy describing the activities of campus organizations from the Arnold Air Society to college administrators.

The book contains not only pictorial records of events of fall and winter quarter but continues recording events until the last minute before press time with photographs of "Kiss Me Hello."

The book is dedicated to Dr. T. W. MacQuarrie for his service to the school.

Norman Brown, business manager, has sold 2,000 copies of the magazine. This is the usual maximum for La Torre sales.

The staff has been working since last spring when they began accepting bids for printing and binding. For the first time in several

MUSIC MAIDEN Janice Carlander, displays the violin which helped her to win the sixth annual Lanini Memorial award of \$100. The talented miss plays first violin in the college symphony orchestra and also is a member of the Santa Clara county Symphonette.

Lanini Award Goes to Miss Janice Carlander

The sixth annual Lanini Memorial award of \$100, given to the stringed instrument music major who has shown the most progress during the year, has been awarded this year to Janice Carlander, a junior from San Jose, who is majoring in violin.

This award is given by Mr. and Mrs. Alfred Lanini of San Jose as a memorial to their son, Donald, a former music student here, who gave his life in the service of his country in World War II.

Miss Carlander plays first violin in the college symphony orchestra.

She is also a member of the Santa Clara County Symphonette.

The Lanini award is open to any sophomore or junior music student, who is majoring in stringed instruments. These students are auditioned by a board of judges from the department faculty, and the one who, in their opinion, has made the most progress in performance on his or her instrument during the year is given the award.

The judges this year were Gibson W. Walters, Harold Johnson, Thomas Ryan, Richard Jenson and Miss Frances Robinson, of the music department faculty.

H.E. Senior Given Scholarship

Miss Betty Ichishita, senior, was recently chosen to receive the Helen L. Mignon Scholarship award as being the most outstanding dietetics major in the Home Economics department, according to Dr. Margaret Jones, head of the department.

The award, which originated last year, is presented by the alumnae club of Alpha Chi Omega sorority. It has been given to Miss Eloise Case, who is now finishing her dietetics internship at Oklahoma City hospital and to Miss Ichishita.

Annual Theta Chi Mothers-Dads Day Draws 150 'Folks'

The Theta Chi annual Mothers-Fathers Day last Sunday drew a crowd of approximately 150 people to the fraternity's chapter house on 11th street, according to Dick Ganzert, president of the group.

After touring the house and viewing the new barbecue pit, guests enjoyed an outside buffet dinner. A show followed in the chapter room in back of the house, at which Joe Thornley, in his usual rare humor, acted as master of ceremonies.

Marv Braunstein did his "swan song" for the fraternity as an active member, his last efforts before retiring to the ranks of the alumni. Jack Cassidy sang several numbers, and the program concluded with the fraternity chorus singing the songs which won them first place in the recent Spring Sing contest.

Feature of the program was the presentation of a Sweet-heart pin to "Mom," the fraternity's cook, who is leaving the group. Ray Wilkerson, adviser, was given an alumni key in recognition of his behind-the-scenes work for the group.

Present at the affair were Marty Darrow, Theta Chi Dream Girl of 1952, and Barbara Saldavini, runner-up.

Judoists Travel To Los Angeles Meet

Twenty-five Golden Raider judoists will travel to Los Angeles to compete in an All-Star tournament Saturday.

Coach Yosh Uchida will accompany his team to the southland metropolis where they will meet the southern California All-Star team.

The Spartans' second dual meet with University of California, held in the local gym Tuesday night, ended in a 2-2 tie. Lyle Hunt and Bill Latimer were the men from State who scored their team's points.

The first dual meet with Cal was held earlier in the year at Berkeley and it also ended in a tie. The score was 1-1. Hunt was the only member of the Spartan team to score in the meet when

Hunt is a first degree black belt, one of the three attending State, and Latimer is a third class brown belt.

'Best' Player

ANDY MILLER, leftfielder for the Golden Raider baseball contingent, was honored by his teammates this week and selected as the most valuable player on the 1952 squad. Miller led the Spartans in most of the hitting departments for the second straight year. He recently was honored by the San Francisco Examiner as being the top baseballer for the Spartans this season. The Examiner has honored Miller with a special scroll for this achievement.

Miller Leads Spartans In Hitting Departments

By WALT ROESSING

Golden Raider Athletic Publicity Director Danny Hill yesterday released the final statistics on the 1952 college baseball contingent.

Andy Miller, the Spartan's outstanding left fielder, topped the local baseballers in ten of the 16 hitting departments while Clair

Parkin and Johnny Oldham were the leaders in the pitching department.

Miller's top performances were: he appeared in 28 games; at bat 106 times; 35 hits; 49 total bases; five doubles; three triples; one homer; had the least strikeouts with eight; batted in 28 runs; and hit .330.

Centerfielder Joe Bonfiglio set the pace in three batting divisions with 16 runs, eight stolen bases and 26 bases on balls.

Bob Poole had the most sacrifice hits with four; Outfielder Milt Manoukian was hit by the opposing pitchers three times; Ron Palma tied with Miller, hitting one homer; and Infielder Bob Graves struck out the most times, 23.

In the pitching department Oldham led with 101 strikeouts, 80 bases on balls, 84 1/3 innings pitched, 13 games, ten started, 45 runs, 34 earned runs, five wins and tied with Parkin in losses with four.

Bespectacled Righthander Parkin was the leader in the other mound divisions. He led the Spartans in complete games pitched with eight; allowed 56 hits; tied for the most losses with four; and chalked up the low earned run average mark, 0.87. Parkin's run average was the best among collegiate pitchers in California and was one of the top in the Far West this season.

San Jose's record of 13 wins, 13 losses and two ties was not a true indication of the squad. Five of the losses suffered by the locals were one-run decisions. The Golden Raider baseballers knocked over such powers as Stanford, sec-

SJS Track Stars Enter AAU Meet

Spartan tracksters will leave the campus tomorrow afternoon to travel to Berkeley for the Pacific Association of the AAU meet which will be held in Baxter Stadium on the University of California campus.

Trial heats for the 100, 200, 400, and 800-meter events will be run tomorrow afternoon, with the finals in all events taking place Saturday afternoon. Events get underway at 2 p.m. both days.

Coch Bud Winter will take a number of his outstanding men to the meet, which will feature the greatest array of track talent that the northern California colleges and universities can muster.

Representing the Spartans in the high jump will be Herm Wyatt and Jim Tannahill. Wyatt will be attempting to pull out of the slump that has been plaguing him since the heel injury which struck him May 1 and sent him down to heights of 6'1" and 6'3". In his last outing at Modesto he regained some of his old form by clearing the bar at 6'6 3/4".

Tannahill has been afflicted with sickness and injury most of the season, but seems ready now to go back to the 6'5" heights which he hit last season.

Bill Priddy, one of the top collegiate pole vaulters in the nation, will be entered in this event.

Priddy copped the collegiate division of the West Coast Relays at Fresno this season with a vault of 14'. He has consistently hit 13'6" or over this season.

The three sensational quarter milers, Walt Burnett, Owen Moore and Allyn Bartholomew, will enter the 400-meter dash event. Any of the three could conceivably come through with the top spot, with Walt Burnett rating the edge. He will be fighting it out with Ollie Matson, USF, and Eddie Macon, ex-COP.

Burnett's chances for making the US Olympic team took a decided rise yesterday when the information came through that a seven man squad of 400-meter men will be taken to Helsinki. Burnett, off his 47.5 clocking for the 440, could very well be one of the seven.

School-record holder, George Nickel, will be going for top honors in the discus.

Lang Stanley, the Spartans ineligible sophomore, is rated the top choice in the 800-meter event.

Rifle Awards Are Announced

At the college rifle team's annual banquet held last Friday night in Palo Alto the six block award winners for the year were announced.

Jack Raichadt, Bob Winter, Kaye Tomlin, Walt Reinhardt, Bill Devine and Al Malech rated in order of rifle skill, were the recipients of the awards.

Raichadt, a senior, will have his name engraved on the rifle squad's perpetual trophy that remains with the school as he racked up the highest mark this season.

Theta Chi Wins

Theta Chi completed the season Tuesday afternoon by defeating Music department 19-1, thus assuring itself of at least a tie with Sigma Nu in the Intramural softball league.

Sigma Nu's game with Tijuana A.C. has been rescheduled for Monday afternoon due to the intra-fraternity bowling tournament held yesterday afternoon.

Seniors To Engage In Many Activities

By BARBARA RILEY

Seniors will bask in the sun, dance on the sod and finally clutch their diplomas during senior week from June 7 through June 13.

Despite the unlucky Friday the 13th commencement date, the rest of the week promises fun and frolic for the more than 900 graduating seniors.

According to releases from Executive Dean James C. DeVoss and senior class co-advisers, Dr. Vernon Ouellette and Edward Sevrens, the following will initiate the week's program:

On Saturday, June 7, seniors will congregate in the Terrace room of the Fairmont hotel in San Francisco to dance to the strains of music from Buddy King's orchestra. From 10 p.m. until 2 a.m., trippers of the light fantastic may sway to melodies played by the 12-piece orchestra.

An occasion of soberness will come on Sunday at Baccalaureate in the Men's gymnasium when the Rt. Rev. Karl Morgan Block is scheduled to speak before the graduating students.

The Rev. Block, Episcopal bishop of California, will deliver a talk titled, "The Eagle's Nest," at the 3 p.m. services.

Monday, the tempo will quicken again with senior beach day at Santa Cruz. A buffet dinner at Casa del Rey will top off the day's festivities. It is scheduled for 5:30 p.m.

A "big broiled chicken dinner," description by Dr. Vernon Ouellette, senior class co-adviser, will warm the stomachs of graduating men and women. Lunches should be carried to the ranch in order to stave off mid-day hunger, but the evening meal will be offered gratis.

The senior class council party will be held Wednesday afternoon. The senior banquet at the Scottish Rite Temple is scheduled for Thursday and will start at 6:30 p.m.

Seniors who paid the entire senior fee can pick up their tickets to the breakfast, beach day and day at Hearst ranch during the week of June 2-6. Tickets may be picked up at the Graduate Manager's office, according to Mrs. Alma Evans of the office staff. Tickets also for guests for sen-
